STANDARD OPERATING PROCEDURE
NUMBER 50-3055-23

16 February 1965

ALERT NOTIFICATION

1. PURPOSE: To establish procedures and responsibilities upon receipt of an alert for CPX or operational mission.
2. SCOPE: Applicable to each staff section.
3. RESPONSIBILITIES:
 - a. The Command Post is responsible for the initial alert notification during normal duty hours of 0700-1700 daily, Monday through Friday, and at all times if on a 24 hour shift basis.
 - b. Security is responsible for the initial alert notification after normal duty hours Monday through Friday, and the weekend period from 1700 hours Friday to 0700 hours Monday. The Commander or Weekend Duty Officer will notify Security when to initiate the alert.
 - c. The Base Signal Center, upon receipt of the alert message after normal duty hours or weekend periods, will put the message in a sealed envelope and request Security to make immediate delivery to the Commander or Weekend Duty Officer as applicable.
 - d. Each staff section is responsible for establishing adequate alert notification procedures for their assigned personnel.
4. PROCEDURES:
 - a. When directed by the Commander, the responsible action agency listed in paragraph 3 above will initiate calls to the primary or alternate for each staff section as listed in Attachment 1. They will be advised of the planned H-hour, time and place of the Commander's briefing.
 - b. Each staff section will initiate notification procedures to sub-sections/personnel.
 - c. In the event the Commander cannot immediately determine the time he desires to have the briefing for his staff, he will advise the Command Post upon such determination; the Command Post will then notify the primary/alternate personnel listed in Attachment 1.
